

CMOS-SCMO

Canadian Meteorological and Oceanographic Society

Société canadienne de météorologie et d'océanographie

Mission: CMOS exists for the advancement of meteorology and oceanography in Canada

Paul-André Bolduc

www.cmos.ca

What is CMOS?

- **CMOS** is Canada's national society dedicated to advancing atmospheric and oceanic sciences and related environmental disciplines
 - It includes meteorologists, climatologists, oceanographers, limnologists, hydrologists and cryospheric scientists
- **CMOS** promotes understanding of weather, climate, air quality, and oceanography, and their effects on Canada and Canadians
- Members come from universities, government, the private sector, and the public

CMOS Activities

- Operates 13 local centres across Canada
- Holds an annual scientific Congress
- Awards prizes and scholarships
- Organizes talks by CMOS Tour Speakers
- Supports participation of teachers in Project Atmosphere and Project Ocean
- Publishes '*Atmosphere-Ocean*' (peer-reviewed journal) and the '*CMOS Bulletin SCMO*'
- Issues scientific position statements
- Endorses weathercasters & accredits consultants

Benefits of Membership

- Participation in your local Centre
 - Networking, professional development, industry insights, educational outreach, science and policy talks, tours, luncheons, and more
- CMOS prizes, awards, and fellowships
- Annual CMOS Congress (reduced registration fee)
- On-line subscription to '*Atmosphere-Ocean*'
- '*CMOS Bulletin SCMO*' six times each year
- Consultant accreditation/weathercaster endorsement
- Eligible to vote at CMOS annual meetings and to contribute to CMOS committees and activities

Special Benefits for Students

- Membership is currently free for students
- Reduced registration fee at CMOS Congress
- Eligible for student travel assistance in attending a CMOS Congress
- Eligible for CMOS undergraduate scholarships
- Eligible for CMOS graduate scholarships

Annual Membership Fees

- Student member: free
- Regular member: \$105
- Retired member: \$76
- Associate member: \$76
- Corporate member: \$200
- Sustaining member: \$255

Fees as of January 2022. For updates, see cmos.ca/site/membershipinfo.

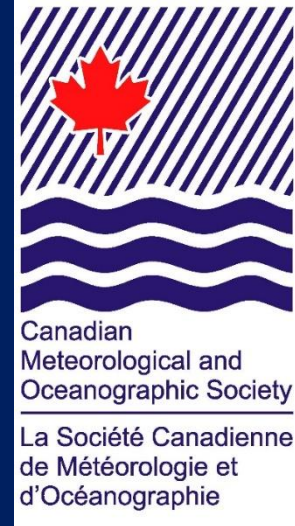

Take-Home Message

- CMOS is our Canadian society
- No other society provides the same benefits to Canadians working in the atmospheric and oceanic sciences and related environmental disciplines
- WEATHER – WATER - CLIMATE

Get involved – support CMOS!

Thank-you

CMOS 51st Annual Congress – Toronto, ON, June 2017
